Welcome to 212 Degree Tutoring®, the premier tutoring program of California. If you are looking for a tutoring program that offers highly specialized, one-on-one tutoring, then you've come to the right place! At **212 Degree Tutoring**, students can choose from **one-on-one personal attention** to **various group settings** to suit their learning styles, from start to finish.

Many ask: "What does the **212 Degree** mean?"

Water is very hot at 211, but not boiling. It is only when water reaches **212 degrees** that it begins to boil and generate steam! We believe that each student needs to reach the equivalent "boiling point" around their academics. Once they reach that point, they begin to excel. Similar to the steam generated from boiling water at **212 degrees** that fuels a locomotive, our tutoring, **one-on-one guidance**, and **motivation** provide the right fuel for students' success!

By pinpointing the personal needs of every student, we are able to provide the most effective tutoring available. We excite our students about the learning process, which instills a sense of confidence in their abilities and makes them more productive in the classroom.
